

Publication and Conferences EREP SA

- 2011** **Methanization: A way for organic wastes in Maroco ; in Fès (Maroco)**
III Congrès International sur l'Eau, Déchets et Environnement
- 2010** **State of the art of (feasible) methods for removal, concentration or transformation of nitrogen from digestate leaving small/middle size agricultural biogas plants in Switzerland in Heiden (D)**
International Symposium "Progress in Treatment of Manure and Digestate"
- 2009** **Trends and prospects for biogas in Switzerland**
Biogas-forum tri-national Allemagne-Suisse-France, Offenburg (D)
- 2009** **Swiss experience in biogas technology development; Oujda (Maroco)**
International meeting about sustainable energy and energy efficiency
- 2008** **Biogas as fuel: Europe situation**
Atelier sur les biocarburants – Filière biogaz, Oujda (Maroc)
- 2008** **Biogas in Switzerland: different ways adapted to the size of the country**
Biogas-forum tri-national Allemagne-Suisse-France, Offenburg (D)
- 2008** **Assessment of the improvement in organic waste recycling (NL)**
Orbit 2008 – the 6th international conference, Wageningen (NL)
- 2008** **Assessment of the improvement in the digestion of organic domestic waste, energy crops and sludge from WWTP.**
5th International Symposium on Anaerobic Digestion of Solid Wastes and Energy Crops, Hammamet (Tunisia)
- 2008** **International conference on dry digestion in Berlin (D)**
- 2007** **Workshop on technologies for the recovery of organic agricultural and food waste**
Tunis 2007 Biowaste, Tunis (TU)
- 2007** **Producing biogas from cheese whey to contribute to the energy independency of cheese factories**
Chambéry (F)
- 2006** **Technical conditions for biogas at the farm: some examples from Switzerland.**
Salon des agro-énergies, Neuville-de-Poitou (F)

- 2006** **Suisse experience on biogas**
Colloque Energie et Territoire, Paris (F)
- 2006** **Methanising whey to contribute for a independant energy supply of cheese makers**
Symposium on renewable energies in Switzerland, Yverdon-les-Bains (CH)
- 2005** **Co-digestion of food waste and used oil: a suitable tool for energy production**
4th International Symposium on Anaerobic Digestion of Solid Waste, Copenhagen (DK)
- 2004** **Ten years of operation of a batch-dry anaerobic digestion plant in agriculture**
10th World Congress on Anaerobic Digestion, Montreal (CA)
- 2003** **Current state review on the methanisation at the farm in Europe; conditions for a successful methanisation unit at the farm**
Methanisation of organic wastes at the farm: opportunities and developments, Rennes (F)
- 2003** **Anaerobic digestion of slaughterhouse waste: technical and economic study**
International seminar on anaerobic digestion of slaughterhouse waste, Narbonne (F)
- 2003** **The potentials of biogas in Switzerland**
Annual congress of the gas distributors of the French-speaking part of Switzerland, Glion (CH)
- 2002** **Anaerobic pre treatment of industrial effluents**
Pollutec, Lyon (F)
- 2002** **Used oil and food waste as a source of energy**
7th European Biosolids and Organic Residuals Conference, Wakefield (UK)
- 2002** **Biogas production and valorisation from organic solid waste in Switzerland**
International Exhibition and Conference "Clean Russia 2002", Moscow (RU)
- 2002** **Biogas to Energy from MSW digesters: a case study**
3rd International Symposium on Anaerobic Digestion of Solid Waste, Munich/Garniche (D)
- 2001** **Review of biogas production and utilisation in Switzerland**
9th World Congress on Anaerobic Digestion, Antwerp (B)
- 2001** **Anaerobic Digestion in Switzerland**
ISWA Workshop on Composting and Anaerobic Digestion, Yverdon (CH)

- 2001** **Presentation of methanisation installations for the treatment of organic domestic waste in Switzerland**
Biogas Seminar, Guadeloupe (F)
- 2000** **The development of biogas installations in Switzerland**
Journal Romand de l'Environnement, n°204, April 2000
- 1998** **Environmental evaluation of the degree of centralisation of methanisation installations for domestic organic waste**
Déchets, Sciences et Techniques (F), n°9, 1998
